	outlines the purpose and
PURPOSE Purpose of this notice is to inform our users about their responsibilities and to promote the appropriate use of resources and tools provided in RFES web site.	responsibilities using the RFES.
USER RESPONSIBILITIES Access to resources in RFES is controlled by password based logins. For this reason, your password is an essential security asset for accessing and using RFES. When using RFES you should comply with the following guidelines:	This feature wil appear every ne school year.
 Create a strong password, which is hard to guess by another person. A strong password has at least 10 characters and at least: 1 Alpha character (a-z) 1 Number (0-9) 1 Special Character (like punctuation marks, shift + number key) Do not use words from dictionary as your passwords, since they are the easiest to guess for an attacker. Do not share your password with another person under any circumstances. Do not write down your password where it is visible for anyone. Make sure that nobody is watching over your shoulder, when typing in your password. Always notify your regional administrator, if you suspect that your password is compromised. Do not use the information and reports provided in RFES in an unintended manner. Do not use the information to the reports provided in RFES, unless it is filed securely or used in correspondence within the privacy of the student or his/her family. Always safeguard the identifiable information for keeping the privacy of the students. Please read the guideline and click on "I Agree" button if you agree to comply with the guidelines. If you have questions, contact your district coordinator or regional administrator for more information. If you click on "I Disagree", your session will be terminated and you will be forwarded to the RFES main page. Next time you log in, RFES will display this notice agaithat case.	Please read the guideline and click on "I Agree" button if you agree to comply with the guidelines.
